

Median Household Income (MHI) & Population

The Small Government Administrator will use data below to score criteria 5 and 10. Information is listed by county with municipalities first followed by townships. If a municipality is situated in two counties, there will be a listing in both counties. The source for municipalities and whole townships MHI is from the Census Bureau. Any MHI figures marked with an "*" are estimated due to lack of data or sample size. The population figures are from the 2010 Census. This information has been provided by the Ohio Development Services Agency, Office of Research, for the exclusive use of the Ohio Small Government Commission.
